

BRAFA 2019 - Press Info - BERNIER/ELIADES Gallery

Founded in Athens in 1977, the BERNIER/ELIADES Gallery has always been at the forefront of contemporary art in Greece. Jean Bernier and Marina Eliades have introduced a number of artistic movements such as Arte Povera, Minimalism, Land Art and Conceptual Art to the Greek public, also focusing on young American and European artists. In addition to their gallery in Athens, Marina Eliades and Jean Bernier decided to open a new space in Brussels, in April 2016. The gallery is located in a historical building, in the neighborhood of the Chatelain.

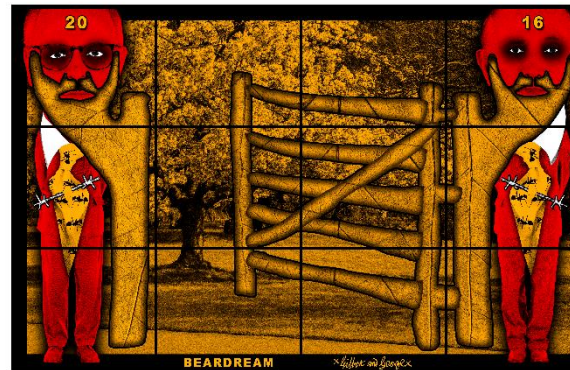

The BERNIER/ELIADES Gallery is happy to participate for their third time at the BRAFA as a contemporary art gallery. We are also very proud that our friends and artists Gilbert & George are this year's guests of honour.

We showed Gilbert & George for the first time in Athens in May 1980 and we've been showing their work several times afterwards since that moment; we showed them again in 2001, 2004, 2009, 2012 and 2018. We will show several of their latest series of work entitled "BEARD PICTURES" at BRAFA 2019.
